<p align="center">(SUPPLEMENTAL) REISSUE APPLICATION DECLARATION BY THE INVENTOR</p>	<p><i>Docket Number:</i></p>	<p>SLUTTER-RE</p>
---	------------------------------	--------------------------

As a below named inventor, I hereby declare that:

My residence, post office address and citizenship are as stated below next to my name.

I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is described and claimed in patent number 5,995,221, granted November 30, 1999, and for which a patent is sought on the invention entitled:

MODIFIED CONCENTRIC SPECTROGRAPH

the specification of which

☐ is attached hereto
OR ☒ was filed on November 30, 2001 as reissue application number 09/998,002
and was amended on _____ (if applicable).

I have reviewed and understand the contents of the above identified specification, including the claims, as amended by any amendment specifically referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR §1.56.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below.

(Check boxes that apply).

- ☐ by reason of a defective specification or drawing.
- ☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.
- ☐ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

The above identified application is a broadening reissue. In column 15 of Patent Number 5,995,221, claim 1, lines 45-47 call for:

"a primary exit port being located for receiving an order of light that maximizes throughput and minimizes astigmatism."

That limitation is less than the patentee had the right to claim.

Every error in the patent which was corrected in the present reissue application, and is not covered by a prior oath/declaration submitted in this application, arose without any deceptive intent on the part of the applicant.
